Address: 43854 Nature Avenue, 5 Miles South Of Palisade On County Road 5., Palisade  
Price: 50.00 \$

The lift broke, but the cover (roughly 21' long by 10' wide) is still in good shape. It was replaced about 5 years ago.

This is a cover for a steel 2400# Shore Station lift. It probably will not fit on an aluminum version. I think it will also fit the 3600# steel model.

The metal inserts, canvas straps and springs needed to attach it to the lift are included.  
It could also be used as tarp for a woodpile, et.
